Patronage Opportunities

⊹ What is EuCNC'2016?

EuCNC'2016 is the 25th edition of a successful series of a technical conference in the field of telecommunications, sponsored by the European Commission. The conference focuses on aspects like 5G communications systems and networks, cloud platforms, management technologies, and applications and services. It targets to bring together researchers from all over the world to present the latest research results, and it is one of the main venues for showcasing (demonstrating, trialling) the results of research projects, especially, from successive European R&D programmes co-financed by the European Commission.

This edition of the conference is organised by the University of Piraeus Research Centre and the Institute of Communication and Computer Systems / National Technical University of Athens, via the Coordination and Support Action EuConNeCts2, Project H2020-ICT-2014-1/645 028.

The last two editions, in 2014 and 2015, held respectively in Bologna (Italy) and Paris (France), have each gathered more than 530 delegates and over 30 exhibitors.

⊹ Venue

The conference will be held at the Divani Apollon Palace & Thalasso Hotel, in Athens, from Monday, June 27th to Thursday, June 30th, 2016.

An exhibition will be run during the conference, showcasing a large range of technologies and products, as well as European Commission co-funded projects results.

⊹ Why should you be a Patron of EuCNC'2016?

EuCNC'2016 is the place where you can gain maximum exposure in the market of telecommunications and related sectors, given the profile of the attendees, ranging from large industrial companies to SMEs, and including academia and research centres. By contributing to this conference, you will be able to draw the attention of key players in this field from all around the world.

Coffee breaks will be held in the exhibition area, so as to maximise exposure.

The exhibition will be open from Tuesday, June 28th, 09h00, until Thursday, June 30th, 12h00.
