

"5G is widely researched and developed in the Oulu area. Active R&D and the strong cooperation between companies and universities in the development of 5G, has been imperative in making Oulu one of Europe's living labs of 5G technology."

EUCNC 2017

June 12-15

European Conference on Networks and Communications | Oulu, Finland

5G - European Roadmap, Global Impact

CALL FOR PARTICIPATION

EUCNC 2017 is the 26th edition of a successful series of technical and scientific conferences sponsored by the European Commission. EUCNC is targeted to the world research community and focuses on communication networks and systems as well as services and applications. It aims at showcasing results of R&D and projects co-financed by European programmes and presenting the latest developments in the area of Telecommunications.

LOCAL ORGANIZER of the EUCNC 2017 is the Centre for Wireless Communications, CWC, a world renowned research center operating within the University of Oulu.

HOST CITY OULU is a Finnish high tech hub situated only 175 km from the Arctic Circle. In mid-June, conference participants have the chance to enjoy the bright nightless nights.

MAIN VENUES of the conference are located in the heart of the city by the sea. Tutorials, workshops and the Industry Seminar on Monday 12 June will take place at the University of Oulu Campus.

TECHNICAL PROGRAMME includes regular and poster sessions, panel discussions, tutorials, workshops, keynotes, and an extensive demo exhibiton.
