EuCNC 2019 is the 28th edition of a successful series of a conference in the field of telecommunications, sponsored by the European Commission. The conference focuses on various aspects of 5G communications systems and networks, including cloud and virtualisation solutions, management technologies, and vertical application areas. It targets to bring together researchers from all over the world to present the latest research results, and it is one of the main venues for demonstrating the results of research projects, especially from successive European R&D programmes co-financed by the European Commission. This year's event also encourages insights from industrial deployments and experiences in the OPE track.

EuCNC 2019 will be co-located with the Global 5G Event, which brings together the world 5G industrial associations: 5G-IA, IMT-2020, 5G-Forum, 5G-MF, 5G-Brasil and 5G-Americas.

Proposals for Exhibitions/Demos are invited in all Tracks (a full list of topics is available at the website):
- PHY - Physical Layer and Fundamentals
- RAS – Radio Access and Softwarisation
- NET – Network Softwarisation
- WOS – Wireless, Optical and Satellite Networks
- VAP – Vertical Applications and Internet of Things
- OPE – Operational & Experimental Insights

Exhibitions may address one or more Tracks, but they should be organised under a unified theme. Exhibitions are expected to show the demonstration of novel technologies and their application.

Exhibition stands of 6m^2 or 12m^2 will be located in the main hall where coffee and lunch breaks will be held, and are supposed to have at least one person present, at least during the breaks, in order to present the demonstration to attendees.

The proposals for Exhibitions/Demos should be submitted by April 12th, 2019, via a specific template and according to the instructions available at the website. Proposers should provide information on the Title, Objective, Motivation and Background, Description, and associated Requirements.

The EuCNC 2019 and Global 5G Event Exibition will be joint from June 17th until June 20th, 2019.

Key dates: 2019 Apr. 12 – Exhibitions and Demonstrations proposals submission deadline
2019 Apr. 26 – Notification of acceptance
