**28 Mar. 2025** - Exhibitions and Demos proposals submission deadline

**14 Apr. 2025** - Notification of acceptance

The 2025 European Conference on Networks and Communications & 6G Summit builds on putting together two successful conferences: EuCNC, in its 34th edition of a series, supported by the European Commission; the 6G Summit, in its 7th edition, originated from the 6G Flagship programme in Finland, one of the very first in its area. The conference is sponsored by the IEEE Communications Society (ComSoc), the European Association for Signal Processing (EURASIP) and the European Association on Antennas and Propagation (EurAAP). The conference addresses various aspects of Beyond 5G/6G communications systems and networks. It brings together cutting-edge research and world-renown industries and businesses, globally attracting in the last years close to 1 000 delegates from more than 40 countries all over the world, to present and discuss the latest results, and an exhibition with more than 50 exhibitors, for demonstrating the technology developed in the area, namely within research projects from EU programmes.

Exhibitions and Demos proposals are invited in all Tracks:

- PHY - Physical Layer and Fundamentals
- WOS - Wireless, Optical and Satellite Networks
- NET - Network Softwareisation
- AIU - Applications, IoT, Use cases
- OPE - Operational & Experimental Insights
- AI4C - AI/ML Solutions for Communications
- SAQ - Security Aspects and Quantum Communications
- CMP - Components, Microelectronics & Photonics
- NVS - Next-Generation Visions & Sustainability

Exhibitions and Demos may address one or more Tracks, but they should be organised under a unified theme. Exhibitions and Demos are expected to show the demonstration of novel technologies and their application.

Exhibition booths of 6 m<sup>2</sup> or 12 m<sup>2</sup> will be located in the main hall where coffee and lunch breaks will be held, and are supposed to have at least one person present, at least during breaks, in order to present the demonstration to attendees.

Exhibitions and Demos will extend for the entire main conference days.

Exhibitions and Demos proposals should be submitted via a specific template and according to the instructions available on the website. Proposers should provide information on the Title, Objective, Motivation and Background, Description, and associated Requirements.

Exhibitors can also apply for a pitch at the Speakers Corner, to be held during coffee breaks, via a specific template and according to the instructions available on the website.

Exhibitions and Demos proposals will be evaluated according to the following criteria:

- Relevance
- Timeliness
- Technical content
- Novelty
- Overall Recommendation

A Best Demo Award will be issued.

An exhibitor conference registration (R-5-E - *Exhibitor Conference Registration*) is included in the fee paid for the exhibition, for 1 or 2 persons, respectively for 6 m<sup>2</sup> or 12 m<sup>2</sup> booths.
